School Invites Thirteen Colleges To Leaders Meet

Thirteen colleges have been invited to attend the Leadership Conference beginning this Friday for SIU students and off campus college leaders, according to Dallas Talley, chairman. The conference is scheduled to begin Friday, October 10, at 1:30 p. m., in the University school, and will be completed with a general meeting Saturday, Oct. 11, at 3:45 p. m.

Schools which have been invited to send representatives are Southern Missouri State Teachers College, Shurtleff College, Murray State Teachers College, Evansville Col-

lege, Illinois State Normal University, Principia College, Washington University, Lindwood College (for Women), Eastern Illinois State College, Northern Illinois State College, Western Illinois State College, Illinois Wesleyan University and McKendree College.

Purpose of the conference is to promote and help create interest in better leadership for those now in office and those who will become officers.

Southern students who wish to attend the picnic and luncheon

must pay a fee of \$1.75. There is no cost for those attending only the meeting. The money is to be paid at the time of registration Friday.

THE PROGRAM which begins with registration and a mixer from 1:30 p. m. to 2:45 p. m., includes a welcome by President D. W. Morris and the keynote speaker Dean Robert H. Shaffer of Indiana University, 3 p. m. to 4:15 p. m.; discussion groups, 4:15 to 5:30 p. m.; and a picnic followed by a mixer at 6:30 p. m. Saturday program begins at 9:30 a. m. with reports of the Friday afternoon discussion groups, a talk by Dr. C. H. Talley, 10:15 a. m.; discussion groups, 11:15 to 12:15 p. m.; a luncheon with Dr. Paul Hunsinger, 12:15 to 1:15 p. m.; discussion groups, 1:30 to 2:30 p. m.; and summary reports at 3:45 p. m.

MEMBERS of the committee include Dallas Talley, chairman; Marian Ramsey, secretary; Allen Meyers, registrar; Keith Stoecker, publicity; Linda McGee, hospitality; Winnie Bollinger, invitations; Helen Nance, resource personnel; Joan Davis, entertainment; Doris Orris, luncheon; Marilyn McCleary, picnic; Harry Evans, transportation; and Paul Morris, finance.

All officers of student organizations are requested to represent their organization at the conference. Any student interested in attending may secure further information at the Office of Student Affairs.

It Soon Will Happen . . .

Tuesday, Oct. 7—Orchestra practice, 6:45 to 9:15 p. m.

Shrout's auditorium.

Anthony Hall open house, 7:30 to 10 p. m., Anthony Hall.

Wednesday, Oct. 8—Sing and swing square dance, 7 to 9:30 p. m., Little Theatre.

Newman club picnic, 6:30 p. m.

Thursday, Oct. 9—Girls' Rally initiation, 7 to 9 p. m., Little Theatre.

Phi Mu Alpha "smoker," 7 to 9 p. m., Student Center.

Newman club meeting, 7:30 p. m., Parish house.

Friday, Oct. 10—Faculty square dance, 8 p. m., Little Theatre.

Education Council of One Hundred meeting, 2:30 p. m., University School.

White Shrine reception rehearsal, 9 p. m., auditorium.

Leadership conference, 3 to 5:30 p. m., University school auditorium.

Leadership Conference Picnic, 6:30 p. m., Giant City Park.

Saturday, Oct. 11—Leadership conference—9:30 to 3:45 p. m., Little Theatre.

White Shrine, all day, auditorium.

Monday, Oct. 13—Commencement concert, Eleanor Steber, soprano, 8 p. m., auditorium.

Tuesday, Oct. 14—A. A. U. W. meeting, 7:30 p. m., Anthony Hall.

Southern Eagles meeting, 7 to 9 p. m., Parkington 107.

Sigma Pi concert and dance, 7 to 10 p. m., gym.

Kappa Delta Pi party, Student Center.

Commerce club meeting, speaker and pictures, Allyn building.

Homecoming Play Leads

DAVE ALVERSON

CAROLE KRUSEN

PHYLLIS OWEN

DARWIN PAYNE

Announce Final Cast Line-Up for Homecoming Play

With the selection of eight members, the cast of the Homecoming play, "First Lady," is now complete. The final characters selected are: Mrs. Greery, Nancy Yost; Hildwick, Leonard Greer; Mrs. Ives, Beverly Lewis; Belle, Sue Smith; and Japanese, a group of four. Lorena Mondorin, Foreigner, Bob Lupdell; Ortega, Ned Kelly.

Phyllis Owen, Carole Krusen, and Dave Alverson have the leads in the play which concerns a food bazaar in Washington between Irene Hibbard, played by Carole Krusen and Luer Chase Wayne, played by Phyllis Owen.

Other members of the cast are: Sophy, the secretary, Pat Bahr; Clara, the hostess, George Ziegler; Emmet, Mary Jane Ball; Ann, Sally Schwartz; first woman, Roberta Carter; second woman, Judy Carter; Barones, Yvonne Kirske; general, Ted Mladcos; Mrs. Davenport, Betty Stry; Senator Kline, Bob Bender; Blecker, Elmer Hunter; Hibbard, Darwin Payne; Mason, John Cox; Canning, Ken Rudnicki; Jason, Bob Cunniff; Sedgewick, Roger Turner; Japanese, Charles Wood.

Admission to the play will be fifty cents or by season tickets which will be issued by the Little Theatre later.

Deadlines Set For Decorations

Regulations of house decorations for Homecoming have been released by Dallas Talley, chairman of the committee. Deadline for entry in the competition is Oct. 20.

Those entering in the class A division entries have a price limit of \$25, and class B, \$15.

Houses must be finished by 3 p. m., Friday, Oct. 31. There will be one first place trophy in the men's and women's division in class A competition and one first place trophy in the men's and women's division in class B competition.

Judges for the contest will be from out of town.

Opera Star Eleanor Steber Has Many Accomplishments

By Jim Fecho

Eleanor Steber, glamorous prima donna of the Metropolitan Opera, who will appear here on the Carbondale Community Concert series program in Shroyok auditorium Oct. 13 at 8 p. m., is a lady of many accomplishments.

Miss Steber could be called "Columbia Steber," "Dorothy Steber," "Queen Steber," or "Your Honor."

She was made an honorary colonel of the U. S. Army at Fort McPherson, Ga., August 2, 1942—and as such is able to sport a set of eagles on her shoulder.

She was awarded an honorary doctorate of music degree by Ohio College, Lima, N. Y., May 12, 1951 and by Florida Southern College, Lakeland, Fla., in 1948.

SHE WAS MADE an Honorary Citizen of Texas, October, 1949.

She is an honor member of Delta Omicron, National Music Society and Beta Sigma Phi.

In 1944 she was chosen one of America's Ten Best Dressed Women by the Fashion Academy of America.

However, Miss Steber has no more all about her honors by doing nothing for she has given performances just about every place and has sung with many different Opera companies.

Selective Service Tests Scheduled For SIU Students

SIU students will again be given an opportunity to take Selective Service College Qualification Tests on December 4, 1952, and April 23, 1953. Applications for this test are now available at Selective Service System local boards throughout the country. The tests will be given on the above dates at the University school auditorium.

Eligible students who intend to take this test on either date should apply at once to the nearest Selective Service Board for an application and a bulletin of information.

Following instructions in the bulletin, the student should fill out his application and mail it immediately in the envelope provided. Applications for the December 4 test must be postmarked no later than midnight, November 1, 1952.

THE RESULTS of these tests will be reported to the student's Selective Service local board of jurisdiction for use in considering his deferment as a student. Boys enrolled in the R.O.T.C. are not required to take this test, but according to Bob Fierberg, "It would very definitely be to the boy's advantage to take this test."

The number of students taking the test is expected to swell to approximately half a million with the completion of this third series of tests which are being given at 1000 testing centers all over the country. The tests will be graded by the Educational Testing Service of Princeton, New Jersey, as they have in the past. Students currently deferred on the basis of test scores or class standards is about 190,000.

STUDENTS WHO will graduate in March, should take the Dec. 4 test so they will have a score before the end of their academic year, at which time their boards will reopen and reconsider their cases to determine whether they should be deferred as students.

To be eligible to apply for the college deferment test, a student must intend to request deferment as a student, be satisfactorily taking a full time course of instruction, and must not have taken the Selective Service College Qualification Test before.

The temporary chairman, Kenneth K. Caraway, has suggested that any person desiring information of anyone wishing to make suggestions concerning this organization should contact him at Apt. 11-B, V.H.P.

The elected councilmen will select a name by which the person elected to the highest office shall be called. The names mentioned were Mayor, President, and Cyprian. It was decided that each adult resident would have one vote, that is two votes for each apartment. There will be no voting by proxy in this election. Residents who are faculty members may hold only the office of faculty adviser.

The temporary chairman, Kenneth K. Caraway, has suggested that any person desiring information of anyone wishing to make suggestions concerning this organization should contact him at Apt. 11-B, V.H.P.

Dr. Marian Elizabeth Ridgeway, recently on the University of Illinois faculty, is visiting assistant professor of government. Dr. Anna Carl Fultz, formerly chairman of the department of home economics at Florida State University, is lecturer in home economics.

Robert Eric Franz, graduate of Tulane University, is assistant football coach. Miss Edna M. Griffin, Cleveland, is lecturer in music.

David Vernon, formerly director of Public Relations at Union College, is lecturer in journalism.

Bollard P. Schieve, who holds a master's degree from the University of Wisconsin, is lecturer in the Audio-Visual Aids service.

D. O. Rettinger, formerly with the State Department of Conservation, is research assistant in Southern's Wildlife Management Research project.

Jo Ann Eblen, SIU graduate, is assistant supervisor in the Division of Area Services.

Dr. Joseph Dusek, Fairmont, Pa., is professor of psychology.

Dr. F. Earle Lyman, Saginaw, Michigan, as associate professor of zoology.

Dr. Edward Earl Stritz, Dayton, Ohio, is associate professor of English.

Fred Warner Toth as assistant professor of agriculture.

Dan Schneider, Chicago, as instructor in English. He replaces Mrs. Julia Neely, who is on leave because of illness.

Albert G. Mudgett as instructor in industrial education.

Miss Mildred Schrotter as assistant dean of women, acting dean of women and instructor in the Office of Student Affairs.

Ray E. Bond, a native of Clay County, Indiana, is a new member of the Vocational-Technical Institute.

RAYMOND SCHULTZ, from Florida, Illinois, and formerly an electronics instructor with the Philco Corporation, teaches radio and television in the Vocational-Technical Institute.

Another addition to the Institute staff is Frank Eugene Vaughn, Marion, who teaches courses in business education.

Miss Betty J. Burkhardt, Chicago, is a new research assistant in the Biological Research laboratory.

Blairie Gerstein, New York, is a half-time research assistant in the Biological Research laboratory.

Capt. Thomas A. Dubois and Capt. Russell E. Oakes, were both recently assigned to the Air Force

NOTICE

The following notice has been released from the Civil Academic Adviser concerning all students who plan to attend winter term.

All students are reminded that it is necessary to schedule an appointment with their academic advisor as soon as possible.

Since a separate telephone line is not available for the Academic Advisement Center we are requesting students to schedule appointments in person rather than by phone.

Four corners of civilization meet, so to speak, as students from foreign countries enrolled at the beginning of this term here at Southern to begin various educational pursuits. Above are 10

of the 24 who have enrolled this fall. From left—Victor Moya-Mendez, Peru; Nossim Arditi, Paraguay; Edgar Braham and Juan Calles, Guatemala; Dilip K. Biswas, India; Mme. Marie Antoinette Untermeier, France; Eimment Abrahams, Gold Coast, Africa; Richard Patterson, Rajai Atalla, Fahmi Ouhada, and Faiz Daqqaa, all from Jordan.

Six continents and 11 countries are represented on Southern's campus this year with 24 foreign students. Of these 24, only three are women. Several of these students are in America on the student exchange plan for university study in various fields. Ten are doing graduate work, and five are enrolled as freshmen. Their religious beliefs represent almost every major religion in the world. Among them are Hindu, Moslem, Greek Orthodox, Catholic, Episcopalian, and Protestant.

Jordan is represented by seven students. They are Rajai Atalla, a junior majoring in chemistry; Nossim Arditi, a junior in business administration; Samir Hadda, who is doing graduate work in microbiology; Richard Patterson, Ali Shukair, Fahmi Ouhada, Faiz Daqqaa, all majoring in pre-English.

THREE STUDENTS enrolled this year are from Iraq—Saleem Al-Jarjan and Sami Jarjan, and Saad Jaber. Saleem and Sami are brothers. Government is Sami's field of study, while Saleem is studying agriculture. Saad is a graduate student and is studying government, also.

A young lady with a Queen's namesake, Marie Antoinette Untermeier, is the lone European student who is a graduate student in English. She teaches French and German conversation in the foreign language department.

Eimment Abrahams represents the dark continent of Africa at SIU. He is studying government in the Graduate school.

Jose Braham and Juan Calles are students from Guatemala. Both are in the field of microbiology in the graduate school. Another student from Central America is Elba Moya. Elba's home country is Honduras, adjoining Guatemala.

The closest students to home are

deserv for the addition to the building which will house the industrial education department of the University High School.

Applications Due For Medical College Test

Pre-medical students who have been specifically requested by their medical college to take the Medical College Admission Test on Nov. 3 must complete their application before Oct. 20. Application blank are available in the Office of Student Affairs.

The Bulletin of Information regarding the test and information regarding admission requirements at various medical schools may be had from Dr. Harold Kaplan.

Social Senate To Give Dance Here Friday

Southern's Social Senate has planned to sponsor an all-school dance this Friday night, Oct. 10. The dance will be held in the men's gym and will begin at 8:30 p. m. There will be no admission charge.

Friday night's dance was planned as an event of the Leadership Conference being held this week-end for SIU students and delegates from other colleges of sizes corresponding with Southern's enrollment.

THE SOCIAL Senate is a representative organization made up of students from seven organizations. Main activities of the Senate include planning all-school social functions and maintaining the Student Center. The Senate holds weekly meetings each Wednesday afternoon at 4 p. m. in the Student Center.

At their last meeting, Social Senate members decided that every organization has an equal right to use the gym after hours and that each organization be applied for separately. This policy was voted unanimously by the Social Senate members.

Officers of this social governing body for the 1952-53 school year are: Paul Morris, president; Wynona Smith, vice-president; Joan Hamilton, secretary; and Don Killian, treasurer.

MEMBERS of the Senate and the organizations they represent are: Paul Morris and Don Killian, Allyn; Wynona Smith, Sigmata; Sally Lewis, Pan Hellenic Council; Mary Meyers and Freda Gower, Girls' Rally; Charlotte Cavan, Iota Hamilton, Woman's House Council; Wynona Smith, Iota Hamilton, Independent Student Association.

Wilma Beadle and Louis Hoover, Student Council; Bob Wagner and Jerry Hawkins, Inter-Fraternal Council.

Members of the Social Senate are appointed by the presidents of the organization which they represent.

Miss Betty Greenleaf, new director of student activities at Southern, is sponsoring the organization.

Next meeting of the Senate will be held tomorrow at 4 p. m. at the Student Center.

Roberto Hernandez, Mexico, a chemistry student in graduate work.

TWO OTHER students from south of the border are Victor Moya-Mendez, Peru, a graduate student in educational administration, and Nesim Arditi, Paraguay, in the Graduate school studying economics.

Dorothy Asako Tsoni is the only foreign student from an island. Her homeplace is Hawaii, and she is a sophomore majoring in elementary education.

Delip Bissas, graduate assistant in the history department, is from India.

ADDITIONS that are being made to the west side of the new University School are shown above. Construction is well underway for the addition to the building which will house the industrial education department of the University High School.

He Got Away, But—

"Stop Him! Quick! don't let him get away!" That is what we would like to have been able to say last week when the entire petty cash fund of the Student Center was stolen. But since the culprit was not seen or heard he got away without anyone even being able to make such a cry to stop him.

However, we the students of SIU, can make our cry here and now—and it's a sure thing we should because the fund that was stolen was our money. Yes, the petty cash fund in the Student Center is what keeps the Center going and the Center is here only for the students. The petty cash fund was kept in a convenient place for the benefit of students so that we may be able to obtain change for various items that can be purchased from the machines in the Center and also for phone calls.

IT IS, THEREFORE, somewhat paradoxical that a student would take his own money, but this, in essence, is what happened. Some student had a mind narrow enough and a character weak enough to take an amount of money just because he saw that it was being unwatched for the moment and thought that he would be ahead a few dollars only for the taking.

Evidently that student frequents the Student Center or he would not have known about the petty cash fund. Therefore, we don't think that it is too much to assume that this student takes advantage of the things offered by the Center in the form of entertainment, relaxation, meeting places, and refreshments. Then actually, the student will suffer the loss of the petty cash fund, for the next time he goes to the Center he may not have everything just the way he wants it, just because the Center no longer had its money.

YES, THIS STUDENT will certainly be ahead in the amount of money he has for his personal use, but his gain will be contradicted by a loss of comforts in the Student Center.

Well then, you may say that this student came out even on the deal. If this is the case, we will be forced to disagree with you. In our opinion he lost more than just a few comforts at the Student Center. He lost something far more valuable in this day and age—and that something is character.

Then too, even if you still say that this student did come out even, about the many other students who depend daily upon the Student Center as the place to go when they want those extra things that other university places cannot offer? They are sorry to say, came out on the short end of things—all just because one person forgot himself for a moment.

THE UNIVERSITY is not doing anything to try to find out who the student is, for since the cash was available for student use it is impossible to trace people that could have had access to it. And then too, authorities are not actually wanting to punish anyone just for the theft of it. So one could say that this editorial was written purely as a measure to try to help protect the group of students who make use of our Student Center.

If perhaps the student who took the petty cash reads this editorial, we would say a hearty "thank you" (and we would be speaking for all the students who appreciate the Student Center when we say it) with no questions asked if the money should happen to be returned by mail or in any other manner as the returner sees fit.

We'll leave the question now on whether the money will be returned or not and look toward the future for a moment. Let us only hope that in the future when anyone's mind narrows or character weakens that they think for a moment about the pros and cons on taking the money. Let us remember that it is the students' money and that when we take it we are only robbing ourselves.

B.V.B.

"Nevertheless, you have to give him credit for never being late!"

SIU Student Elegizes On Loss of Canteen

By TERESA WHITE

Have you seen the students lately in the Canteen lingering over their cokes in a mournful manner? If so, then you have caught a glimpse of those mourners who have heard that soon the Canteen is to be demolished completely. Yes, in the not too distant future the black hand of destruction will swoop down on the canteen leaving only sparsely scattered coke bottles as a final memento of cut classes and fringe luncheon.

Pierre a student cutting, saw, the last part of his chem lab at Parkinson, stealthily slipping down the long dark corridor, dashing out the door into the face of the oncoming wind and rain, stumbling blindly across the spacious campus, at last reaching the Canteen door, staggering up to the counter, and in a hoarse, audible voice, utter, "Give me a coke with a lot of ice. This 101 Chemistry is really getting me down." What during? What intrigue?

AND NOW, where will there be to go? What will there be to do between classes when dawn is say it's cutting a class? If it is moved somewhere else, as has been reported, the 'ole canteen will never be the same. Black armbands should be the order of the day, and a pigsticker must be made once a week to this sacred spot where once stood an edifice near and dear to everyone.

First it was Lake Ridgeview, a hallowed legion which reverred by certain ones on campus, will be swept away by a growing campus, and now, as if heaping coils of fire on our heads, this growth is

Madrigals Begin Season With Nine New Members

"Singing ability, personality, and appearance are the bases upon which the Madrigals are chosen. The group is doing unusually well this year," said Floyd V. Wakeland, choral director of SIU, about the nine new members of the Madrigals.

Rosalee Norman, Murphysboro, is one of the new sopranos. She is a freshman student majoring in music. Madrigal singing is not new for Rosalee for she has been singing in the Murphysboro group all through high school. Among the many musical activities in which she has participated are the Chorus and Girls Quartet.

Miss Edna Griffiths, teacher in the music department at SIU, is the director-soprano. Miss Griffiths plays cello in the orchestra and faculty Spring Quartet. She is director of the faculty Voice Group which is to present a recital for the public on December 4.

THE MADRIGAL SINGERS

LYNN MONTGOMERY, McLeansboro, is an alto. She is majoring in psychology. Lynn has sung in the chorus for four years and played drums in the high school band.

Ruth Ann Durham, a music major from Benton, sings alto with the Madrigals. Ruth Ann is an accomplished pianist with fourteen years of training. Singing with the Madrigals for four years, she is a sophomore from Mount City. Harry is majoring in radio speech. He is a member of the SIU choir and appeared in the Independent Variety Show last year.

The remaining members of last year's Madrigals are Harriet Cagle, junior, who has sung soprano with the group for three years; Elva Clements, junior, soprano, two years; Bob Robertson, junior, tenor, two years; Joyce Gollon, alto, sophomore, two years; and Marlene Rans, soprano, sophomore, two years.

Wakeland started Southern's Madrigals in 1939 for the enjoyment of the group. Invitations to sing at different events resulted in the organization of the group. The first costumes were made by the W.P.A. in the early 40's. This successful singing group has been a part of the school's extra-curricular

activities for thirteen years.

Forty-six public appearances were made by the 1950-51 group. Concerts, clinics, high schools, churches, colleges, and civic organizations are only a few of the places where the group appears. The 600 Club Presidents of the United States have heard the group at their appearance which was made at Chicago's Fullerton Hall last year.

A transcription of the Madrigals was cut at a special program over station W.G.M. This transcription has been played on Carbondale and Herrin radio stations.

The first Madrigals were probably Finnish folk songs. These folk songs were revised and popularized by Italian composers and quickly adopted by both the French and English. The Madrigals sing simple folk tunes elaborated by the addition on melodies and counter-melodies without musical accompaniment.

The Madrigal Singers of Southern belong to a musical tradition at least four hundred years old.

All-Stars Elect Griffin President

Archie Griffin, who played with the Charlie Barnett orchestra, will serve as president and director for the All-Star Jazz Band during the coming year. Griffin was elected president of the All-Stars at a meeting last Friday. He is enrolled in the Graduate School and is also serving as band director for Community High School.

Philip Olson, SIU band maestro, was elected vice-president of the organization. A student from Christopher, Bob Huffman, will be secretary-treasurer.

The 19 piece band, including 14 students, has already been booked for two engagements. They will appear at the Lions Club district meeting, Nov. 5, and will be featured in their own program, the All-Star Jazz Concert, sponsored by the Theta Xi fraternity, on Nov. 19.

World News in Brief

Condensed by AP Wire Service
By BILL YOUNG

INTERNATIONAL

Britain has successfully exploded its first atomic weapon at the Monte Bellos Islands, 85 miles northwest of Australia. It was Britain's first major atomic explosion, making it only the third nation in the world known to have a working atomic weapon.

The blame came almost seven years after the first American bomb exploded in the New Mexico desert. Atomic explosions also have occurred in Russia, proving the Soviets have the bomb.

Returns from the completely free Japanese elections show that the island nation is timely planted in the Western camp.

Communism as a political force was virtually eliminated as the Liberal Party of Prime Minister Yoshida Shigeru, who led Japan to a peace treaty and firm alliance with the West, rolled to a majority of 240 of the seats in the Lower House of the Diet.

Britons can once again have their Sunday government price control and rationing was lifted from tea and window and advertising illuminations. This will cause a brighter and more contented England.

South Korean troops in the bruising "barrel of the hills" claved their way up a strategic height on the central front and held on 50 feet from the summit in a storm of artillery fire and Red counterattacks.

In the first MIG battles of October, U. S. Sabre jets destroyed one of the few Red MIG's which ventured out from Manchurian bases and damaged two others.

Premier Mohammed Mossadegh

has made a new gesture threatening to break off relations with Britain.

His office announced that consideration is being given to what country should represent Iran in Moscow if Britain does not accept Mossadegh's latest proposals to settle the dispute. In that case, said the announcement, "Iran will be compelled to recall her diplomatic representatives from Britain."

President said "would wreck America's defenses."

Gov. Stevenson stepped quickly aside from the battles and took a day off in Springfield. He lunched quietly as the political war raged on into the home stretch.

NATIONAL

Another prison riot, this time in Vancouver, B. C., was quelled without injury.

A two and one-half uprising by 100 convicts was beaten down with tear gas and live shots. Two prison guards who had been seized as hostages were released without injury.

The inmates were reportedly displeased with the three-to-one living conditions.

A 20 cents a ton increase in hard coal retail prices was granted by Pennsylvania anthracite industry, the government announced. The boost was given in the industry to compensate for the recent 20-cent hike given to the miner's welfare fund.

The increase came as a bargaining session between the mine owners, and John L. Lewis, president of the United Mine Workers Union, recessed indefinitely.

SPORTS

The St. Louis Browns and the Detroit Tigers have got their hook and line out for centerfielder Larry Doby of the Indians.

However, the Cleveland Indians' Doby said, "... it is doubtful that Doby will be traded to either the Tigers or the Browns, simply because they haven't enough to give the Indians for a centerfielder of his caliber. Doby is this year's home-run champ in the American League.

The University of North Carolina has cancelled two of its grid games because of an outbreak of polio. Four students, one of them fullback Harold (Bull) Davidson, have been stricken with the disease.

Four jockeys were sent to the hospital as a result of a six horse pile-up at Hazel Park in Detroit, Michigan.

It was one of the worst racing accidents in the history of the park.

Only a grave emergency serves as a reason for being absent from an announced test. The student should inform the instructor prior to the examination of any such anticipated absence when it is at all possible.

By DON FEARHEILEY

Co-rec night is a gripping experience. After holding tightly to a ping-pong paddle, a badminton racket, or a duck pin ball, I'm sure you'll agree.

As you probably have heard by this time, co-rec night is for the Eds and coeds who like the indoor sports. Every Wednesday night at seven the sounds of thudding volley balls, bouncing ping-pong balls, and falling duck pins reverberate through the air of the gym.

"To illustrate a typical co-rec night, here is the experience of a buddy and I."

ON ENTERING the building we saw a blackboard with an arrow pointed upstairs and another pointed to an open door. We went upstairs first.

Inside the right hand door there were several badminton nets. My friend had never played the game. He had played tennis, however, and taught on it. In fact, he beat me 21-19. Everything went along fine until the game was over. Then there was a loud crash.

I had forgotten to tell my friend one thing. It isn't customary to jump over the net after a game of table tennis.

Making our way way home, my buddy and I agreed that it all had been fun, even if co-rec night had made us a couple of co-hecks.

Outdoor Planning Group To Meet Here Friday

An extensive public school outdoor education program will be mapped out at a conference on campus, Saturday, October 11.

The meeting, sponsored by the Educational Council of 100, will be held in the University School auditorium. More than 500 school administrators from 31 Southern Illinois counties have been invited to attend.

The project is planned to be developed in the Little Gassy Lake area southeast of Carbondale. The 1400 acre site is between the two arms on the lower side of the lake.

AT THE FIRST meeting of the Council committee, President D.W. Morris of Southern pointed out "The possibilities for educational and recreational activities here are tremendous. When this land is developed, it will have no outdoor educational counterpart in the world. Such a program as the Council of 100 is conceiving will have a profound influence on the entire citizenry of the area."

The Council was organized in December, 1949, to seek out ways in which SIU, the public schools, and lay leaders might enrich the educational opportunities of Southern.

AT THE MEETING Leland Lingle, SIU associate professor of physical education, will address the group on the educational value in developing the campus for school children. Dr. William Freeberg, assistant professor of physical education and director of the SIU camp, aided by the Audio-Visual Aids service of the University, will show a film featuring significant developments and practices in outdoor education.

AFROTC

VAPOR TRAILS

The first firing on the ROTC rifle range in the area of Old Main was held last Monday night beginning at 7 o'clock. The first fifty of the three hundred applicants were on hand for their turn in the elimination series, which will determine the representatives for the rifle team.

Twenty rounds were fired in each student—ten rounds practice and ten rounds for score. Along with the order to fire, the rifle was held for the first time. The standing position proved to be the downfall for many of the students. Although this was the first time for range firing, there were some good scores turned in. It is the general belief that SIU should be well represented in the coming matches.

PERSONAL CARE OF UNIFORM

When the time comes for cleaning the uniform, wash and starch khaki shirt and trousers, and go heavy on the starch.

Uniform must be returned in a clean condition. All repairs, and cleaning will be the student's own expense.

WHAT AND WHEN TO WEAR

There is no limitation as to what jewelry can be worn on person; such as, wrist watch, identification bands, and class rings.

The AIR ROTC insignia that is located on the left upper arm of many khaki shirts has become obsolete, and if you have it on your shirt, it should be removed and returned to ROTC supply.

All AF ROTC student must wear their uniforms when going home, but they must wear the tie also, since they are off campus grounds and the uniform is not complete unless it is worn.

STUDENT PERSONAL CARE

While in uniform all AF ROTC students must be clean shaven and have a decent haircut.

Always remember, "If you're neat, do not worry."

MAKE A DATE: GET ON THE BALL. CATCH SHE WON'T WAIT WHEN IT'S THE ROTC BALL!

THE UNIFORM is a distinctive dress worn by all members of a military force group, etc. Now that all the AF ROTC students have been outfitted with their uniform, let us have a look at it and see how we can keep it neat and presentable. How should I go about it?

The uniform was issued to each ROTC student at Southern. This uniform consisted of a pair of khaki trousers, khaki shirt, one pair of black shoes, two pairs of black socks, blue belt and silver buckle, blue garrison cap, billed cap for advanced ROTC students with advanced cap insignia on the billed cap, blue tie, blue raincoat, and three "ROTC" insignia's.

The two "ROTC" insignia's will be worn on the collar. They will be placed one inch from the leading edge of the collar and one half inch from and parallel to the top of collar. The other "ROTC" insignia will be worn on the garrison cap centered on the left front side of the cap.

The blue belt must be so arranged until an inch is protruding out from the silver buckle.

The garrison cap (formerly called the overseas cap) must be worn at all times that the uniform is worn except inside a building. While in a building you may slip your cap under the belt or qir it in your hand. The garrison cap should not be any lower on the forehead than two fingers above the eyebrow.

The complete uniform is with the tie included. At the present time only the lab periods are permissible without the tie. The AF ROTC student will be notified when to wear the tie, until that time it will not be necessary to wear the tie, except off the campus grounds—traveling home, parades. If the tie is worn it should be tied with a new knot, the end tucked into the trousers between the second and third button.

The "blue" uniform will be issued when cooler weather comes. You will be notified in class when the "blue" uniform will be issued. Up

Morris, Halderson To Attend ROTC Orientation Meet

Dr. DeWitt W. Morris, president of Southern Illinois University at Carbondale, accompanied by Lt. Col. Oliver K. Halderson will participate with more than 115 college presidents and vice presidents and 60 deans in one of two Air Force ROTC orientation conferences at the Air University, Maxwell Air Force Base, at Montgomery Ala., Oct. 13 and 21.

Air Force ROTC professors of air science and tactics at 188 colleges and universities throughout the United States, Hawaii and Puerto Rico, having AF ROTC insignia, will accompany the college officials.

Brig. Gen. M. K. Dietrichmann, commander of the AF ROTC program, explained the purpose of the conference is three-fold:

(1) TO ACQUAINT education executives with program changes and improvements in future operation and administration of the AF ROTC program.

(2) To review the new AF ROTC course of instruction to be inaugurated in the 1953-54 school year.

(3) To emphasize phases of AF ROTC Headquarters to conduct a carefully developed ROTC program which will be mutually beneficial to the supporting institutions and to the Air Force.

Prior to their departure, Dr. DeWitt W. Morris and Lt. Col. Oliver K. Halderson have been invited to attend a luncheon in the President's dining room at Evansville College, Ind., Oct. 21.

Dr. Morris and Lt. Col. Halderson will attend the conference on Oct. 22, and will leave here for Montgomery, Tuesday, Oct. 21 by Air Force plane, returning Thursday, Oct. 23.

THE CONFERENCE, Oct. 15 will be for college and university representatives in Alabama, Colorado, Connecticut, Florida, Georgia, Idaho, Iowa, Louisiana, Maine, Massachusetts, Minnesota, Missouri, Montana, Nebraska, Nevada, New Hampshire, New Mexico, New York, North Dakota, Ohio, Oregon, Pennsylvania, Puerto Rico, Rhode Island, South Carolina, South Dakota, Utah, Vermont, Washington, Wisconsin, and Wyoming.

Attending the conference, Oct. 22, will be representatives from Arizona, Arkansas, California, Hawaii, Illinois, Indiana, Kansas, Kentucky, Maryland, Michigan, Minnesota, Missouri, Montana, Nebraska, Nevada, New Hampshire, New Mexico, New York, North Carolina, Oklahoma, Tennessee, Texas, Virginia, Washington, D. C., and West Virginia.

The Air University, educational system of the Air Force, recently started administration of the AF ROTC program in addition to its other varied educational and research missions which now serve all Air Force commands and about 200,000 students in many parts of the world.

TWO AF ROTC students try out for the rifle team on the new rifle range in the area of Old Main.

Wife of Artist To Address Art Club Thursday

Harriet Fleming Reinhardt, wife of Siegfried Reinhardt, visiting lecturer in art at Southern from Sept. 29 to Oct. 10, will address the Art club this Thursday, Oct. 9 at 8 p. m. in room 200 of the Alfyn building. She will discuss modern sculpture.

Mrs. Reinhardt, a sculptress who has been receiving increasing recognition for her exceptional work, has long resided in her chosen field. Her first work was done at the age of eleven, according to Reinhardt, in Roosevelt high school, St. Louis, where she was the only student to have an exhibition of soap sculpture. Mrs. Reinhardt attended Washington university, and completed her training in five years, receiving a B.F.A. degree in June, 1950.

MRS. REINHARDT's recent accomplishments have been varied. She has recently been asked to design a medal for the Medallion Art Co. of New York for the fifteenth anniversary. She has exhibited in the Missouri Show, and the Artist's Guild.

Three commissions have recently been completed by Mrs. Reinhardt. Two are crucifixes, one of which is four feet high and cast in white medusa cement. This has been installed in the Lutheran chapel in Fayetteville, Ark. The other, a small altarpiece in terra cotta, was made for the student prayer chapel on the campus of Concordia Seminary, St. Louis.

Her most recent commission is a large frieze depicting the history and growth of the Lutheran church, Missouri Synod. This consists of 65 figures, with a series of portraits of men who were actually involved in the Church's historical development.

MUCH RESEARCH was done in the preparation of this frieze. The piece is eighteen feet long, two feet high, and is cast in aluminum. It has been installed on the facade of the Missouri Synod headquarters building in downtown St. Louis.

She has recently been experimenting with soapstone, which comes in many forms and colors. In addition to all of her artistic work, Mrs. Reinhardt is active in the St. Louis Artists Guild Society, and has appeared on several radio programs. Her main interest, Siegfried says, are portraits and monkeys.

Kappa Delta Pi To Entertain FTA

Kappa Delta Pi, education honor society, will entertain the Future Teachers of America next Tuesday at 7:30 p. m. in the University School Little Theater.

Howe Bryant, director of the SIU Placement Service, is sponsoring the subject, "Placing SIU Graduates."

Officers of the host organization are: Doris Schwinn, president; William Bryant, vice-president; Kathleen Schmitt, secretary; Mildred McClellan, treasurer; and Jeanette Smalley, historian-recorder. Mrs. Evelyn Rieke is the sponsor of the Kappa Delta Pi, and Dr. Jacob Backus sponsors the FTA.

The executive board of Kappa Delta Pi, which is made up of the officers, will hold a planning meeting at the Student Center tonight at seven.

Student Discusses Holy Land Sunday Soiree Program Features Jordan Student

Nabih Mashni gave an interesting talk at the Sunday Soiree program Sunday night concerning the Holy Land and the middle east, their historical background, people, and political situation.

Mashni opened his talk by discussing the historical background of the Arabs and the middle east, beginning with the start of civilization in Mesopotamia and the Nile Valley, which expanded and met in Palestine, and bringing it up until the present day.

Another point in his discussion was the people themselves. Mashni mentioned that contrary to popular belief, all educated people of his country, that is most of the town people and all of the city people, dress as we do. However, he differentiated the country dress is different. Women in the country wear long black robes, decorated with beautiful hand needlework. The men also dress in long robes, but over these they wear the "abiyah," a kind of drape, made of camel or sheep wool. But, he added, perhaps the exception to the attire of the people of modern dress is the resemblance of their hats to ours. The Arab's formal hat is a "tarbush," a rather slender, red affair.

The Arabians women spend most of their time in the homes, preparing elaborate meals. Married women usually do not have jobs as our American women do, such as working outside of the home.

Mashni concluded his talk by discussing the political situation of his country. He related the manner in which the British gave the Jewish people strategic positions in the middle east, thus helping them to overcome the Arabs. As a result of this he said about eight hundred thousand Arabs were driven from their homes.

Mashni said, "The fact that the Jews had no homeland does not justify the need for driving people away from their homes to establish a home for the Jews."

Mashni came to the United States in August, 1952, from his home in Ramallah, Jerusalem. He attended an American high school for four years, and an American college in Lebanon, Syria his freshman and sophomore years. He also taught in an American high school for 2 years in Ramallah.

Mashni is now a junior here at Southern, majoring in business administration.

600 High School Students Attend SIU Guest Day

Approximately 600 students from various Southern Illinois high schools attended High School Guest Day held here on campus Saturday. Registration was the first order of the day's program which was planned by the Office of Student Affairs and the SIU student committee consisting of Charles Wildy, Mary Meyers, Freda Govy, Jolene "Bubbles" Bozarth, and Barbara VonBehren.

Following registration members of the Girls' Rally and Alpha Phi chapter conducted tours for the high school students.

MAIN ENTERTAINMENT of the day was presented by Southern students in a program held in Shrivok auditorium which followed a radio address by Robert Edgerton.

Masster of ceremonies of the program, which was presented in the form of a radio program over station UNUT, was Bill Spangler, who also planned the program. First number on the program was a short pep session led by Chuck Wildy. Jo Rushing, Dixie Brown, Shirley McCannaghay, Ida Mac Schellhardt, and Christine Minkler, SIU cheerleaders.

A campus news piece given by Harvey Evans and Bob Henley was on the broadcast and was immediately followed by a program titled "Pages of Poetry" presented by Arthur Triple, Barbara Wilder, Arlene Carter, Carl Baumann, and Barbara VonBehren.

FOLLOWING A MAN on the Street program given by Bill Spangler, Harry Evans, and Arthur Triple, an amateur contest was presented with the high school students as the contestants. Winner of the contest was Dexter Peck's band, each member of which received a ticket to the Varsity theater as a prize. Last number on the program was a pantomime given by Bob Henley.

Next event on the High School Guest Day program was a reception given by President and Mrs. Morris at their home for all the Guest Day visitors. Members of the Student Council acted as hosts and hostesses at the reception.

Then Saturday evening, the Guest Day closed with the high school students attending the Normal vs. Southern football game as guests of the university.

Freshman Receives Award From Sigma Tau Gamma

R. T. Sullivan, president of the Alpha Sigma Chapter of Sigma Tau Gamma fraternity, announced to date that Raymond Edward Reedy, 2136 N. 51st St., East St. Louis, has been awarded the Robert Wildy Memorial scholarship.

This scholarship is in memory of the late Robert Wildyman who was the fraternity treasurer and an outstanding athlete at Southern Illinois University. Wildyman was killed in a car-truck collision in East St. Louis, Aug. 18, 1951.

The scholarship, valued at \$80, is to be awarded annually to an entering freshman from an East St. Louis high school. The recipient is chosen on the basis of achievement in high school and his potentialities for leadership.

HEALTH SERVICE HAS RIGID SCHEDULE: Colds, Shots, Examinations—All in a Day's Work

By JOYCE WEECK. The University Health Service is perhaps the busiest place on campus. Besides treating the various ills of the student body, it's staff, under the direction of Dr. Anthony Raso, has a by-yearly immunization program, gives the AF ROTC examinations, and the University required freshman examinations. With a glance at this rigid schedule, one can readily understand why it is always a hustle of activity.

THE HEALTH SERVICE has the equivalent of five full time nurses on duty. Four nurses, Mrs. Edna Bradley, who has been with the Health Service 5 years, Mrs. Lois Jones, a two year employee, Mrs. Ruth Rushing, who has been employed at the Health Service two years, and Mrs. Hoffman, one year.

The two part-time employees are Mrs. Norma Mannering, and Miss Mildred Weiss.

As for facilities, Dr. Raso said that the Health Service is amply prepared to take care of minor illnesses of a group of students such as are on campus. He also stated that the Health Service has facilities for taking care of emergencies, such as falls, etc. "Our Health Service," he continued, "might be considered as an out-patient clinic. And, since we do not yet have an infirmary or a hospital, more serious cases are referred to specialists or admitted to one of the Carbondale hospitals."

"HOWEVER," he added, "we have the equipment and the staff to take care of the greater percentage of student illness." Dr. Raso emphasized that if a student becomes ill, he should first report to the Health Service. "Then," he continued, "if the need arises, the student is referred to a qualified specialist."

As previously mentioned, physical examinations also come under the agenda of the Health Service. Such examinations are given to all AF ROTC men. Every freshman male student, unless he has previously had military service, is enrolled in the AF ROTC unit for medical or other reasons he fails to meet the physical standards set down by the Air Corp Reserve. The Health Service has been appointed as the medical representative for the Air Corps to qualify these boys for ROTC.

Service staff. Above, Mrs. Cad Jones, nurse, treats the ear of Kenneth Neelton, sophomore from Olney.

Psychology Club Organizes Here

Initial meeting of Southern's newly organized Psychology Club was held Wednesday night in the Student Center. Fifteen students, psychology department faculty members, and Dr. Jack Graham of the Testing Service were present.

Membership is open to all students and faculty members who are interested in this organization, and all students, faculty members, and townspeople are invited to any of the meetings.

A steering committee of five students was commissioned to begin work on a constitution. This committee will meet with Dr. Malpass, of the psychology department, at the psychology house tomorrow night at 7:30.

All those interested are invited to the next meeting which will be Wednesday, Oct. 15, at 7:30 in the Student Center. Dr. Noble Kelley, chairman of the psychology department, will speak to the group on "Psychology—Today and Yesterday."

Victory! After 12 Straight Losses

SIU Takes Early Lead, Holds Off Late Rally

THE GREATEST TRIBUTE a team can pay a football coach is to carry him off the field. After Saturday night's 27-20 victory over Illinois Normal, Bill O'Brien sat squarely atop several sturdy shoulders, and no one could say the sturdy Irishman didn't deserve it. But as far as O'Brien is concerned, his whole team deserved to be carried off after Southern won their first game in over a year to end a 12-game losing streak.

And perhaps O'Brien has a soft spot in his heart for jumbo Bob Ems, SIU's piling-driving fullback who turned speedster against Normal. Ems carried the brunt of Southern's offense burden, scoring three touchdowns in some of the greatest running seen in McAndrew Stadium in a long time. Ems went 61 yards for his first touchdown, 84 for his second, and four off tackle for the last. He also kicked two extra points for a night's total of 20 points.

Big Bob wasn't the only star in the Saluki galaxy, however. The entire squad played inspired ball, right from the opening kickoff to the final gun. O'Brien's crew proved their coach's prediction of over two weeks ago when he said, "Win or lose, we're a team—and that's just what we are—a TEAM!"

Southern recovered a Normal fumble on the Redbirds' second running play of the game and turned it into a touchdown. The whole left side of the Saluki line hit the Normal ballcarrier, and that's the butif that must be given credit for recovering the fumble—it was difficult to tell just who was on the bosom.

Bill Spratt scored six plays later and Bob Ems kicked the extra point, and Southern had seven points, before three minutes of play had elapsed.

Then Normal came back, in the second quarter to tie it all up at 7-7. Dick Taylor's 57-yard run was the big factor in that march. Taylor would have gone all the way right then and there, but Jack Schneider's diving tackle prevented the speedy Taylor from hitting paydirt. Schneider was ten yards behind Taylor but put on the steam to nail him with a diving effort. Normal scored seven plays later, however, on passing master Wes Bair's one-foot quarterback sneak.

Southern took the kickoff and Spratt returned to the Saluki 33. Vanderplum went for six off tackle, which set the stage for Ems' first long run of the night. Huske threw a pitchout to jumbo Bob, who went around right end, cut in, and went 61 yards for Southern's second score. Blocking on the play downfield was perfect as two men were down field with Ems. Likewise two Normal men were sprawling on the turf via two perfect blocks.

Wayne Williams, freshman from Du Quoin, recovered a Normal fumble on the Redbird 26. Johnson got four through the middle,

BOB EMS... they shook him loose, and did he shake!

All in all, Southern has a lot for which to be plenty proud of this Tuesday. As we said here earlier in the season, this is the kind of a ball club you have to go along with. You can't overlook that fighting spirit, which the Salukis are proving is true, but true.

STATISTICS:

Yds. lost - 55	40

Eastern Defeats Saluki Harriers

Southern's cross country squad lost its opening meet of the 1952 season last Friday when they dropped a 32-25 decision to the Eastern Illinois Bombers.

The meet was run here in Carbondale over a three mile course through hill and dale—mostly hill. The course started at East Park st., near the men's residence halls, extended east over Snyder Hill and back to the starting point.

SOUTHERN runners placed fifth, fourth, sixth, tenth, and eleventh. Dick Gregory, track star of last season, placed first, nosing out Charlie Medcison of Eastern by one second. Gregory's time was 15:59. Both runners were experiencing their first collegiate cross country meet. As a high school senior last season, Medcison won both the state cross country championship and the mile run.

Jack Farris of Eastern placed third. Forest Kille of Southern (St. Louis Sumner high school) finished fifth. Jim Edmundson of the Panthers fifth. Saluki captain Jack Theriot, Flora, sixth. Fred Gore and Jack Sims of the visitors seventh and eighth, and Jack Martin, Mr. Vernon, and Dick Tonn, Collinsville placed tenth and eleventh for Coach "Doc" Lingle's Salukis.

In the scoring system devised for cross country meets, the first five runners from each team score points corresponding to the place which they finished.

NEXT WEEKEND the Saluki Harriers travel to Normal to compete against the Illinois Normal Redbirds. Next scheduled home meet is Oct. 18 against Western Illinois.

According to Coach Lingle, the state cross country meet will be held at Bradley of Peoria. Lingle has been unsuccessful in attempting to schedule a meet for Nov. 1, Southern's Homecoming.

Thirty-seven credit courses will be offered this fall by Southern's Extension division in 27 Southern Illinois communities within a 120 mile radius of Carbondale, according to Raymond H. Dey, director.

Dick Taylor, hard driving Redbird fullback who was a persistent thorn in the Saluki's side, gets stopped cold by a gang of Southern tacklers. Cliff Johnson hits him head on as Salukis Frank Morgan (20), Bill Goodman (41), Ed Johnson (181), Dave

Stroup (22), and Len Zabroski (14, at right) close in to assist. Other Normal players in the picture are Bill Harrington (25) and Ed Kause (58). Nor's offensive work in the last part of the fourth quarter helped set up two Normal touchdowns as

the Redbirds put up a desperate attack in a vain attempt to overcome a 27-7 deficit.

Kahmann Korner

By Jim Kahmann

"Hi 'em hard, hit 'em low, and when they get up hit 'em again!"

THAT'S NOT JARRIN! Jack Jackson of the movies "That's My Boy" fame speaking. It's just a casual comment following Southern's first football victory since 1950.

But you have to give 'em Jarrin! Jack credit, because those are his words, and they fit no shoe right now as that of the Saluki football team. As far as we're concerned, they preserved the faith we have in them with that win Saturday night.

THE WAY THE BOYS started that ball game, you just can't take it away from them. They came out of the dressing room that first quarter in a manner deserving a Rockne pep talk. We don't know what young Mr. O'Brien said, but whatever it was, it would do both Rockne and yes, ever Jarrin! Jack credit.

Southern won that ball game Saturday because they had it all over Normal in one major department—**FIGHT!** Maybe not in running, surely not in passing, but certainly in fight. Taking nothing away from the brilliant display of surging, speeding power of Bob Ems, and remembering the time blocking of the entire Saluki line, the **FIGHT** was the deciding factor.

Right here and now, we'll tell you how we think the fight got there.

O'Brien, Wilkinson, Bush, and the other assistants, they're all right, fight, holes to burn. But there's another newcomer, one who we hope will say here till he's 90 years old, and who's instilled in the boys a sense of football

Let's see a winning streak started—that's a REAL good feeling.

OUR ONLY HOPE is that all this win and vigor doesn't stop here. We hope things are only beginning. Next week it's Northern, and it could mean victory number two.

We know how it feels to win. All the boys on Southern's squad know how it feels. And believe me, it feels good. You might feel tired after a rough football game. And you might feel sore. But don't ever say you don't feel happy, if you win.

NOW THAT THE BOYS have renewed that feeling as a team here in Southern, we're confident that this won't be the only win of the season. They've outlived the blood of victory, and they know what that added incentive can do.

Western Beats Michigan Normal

From the Associated Press

Two league games were played in the Interstate Intercollegiate Athletic Conference over the weekend. Southern Illinois won their opening circuit encounter by stepping by Illinois Normal 27-20. This was Southern's first league victory in two seasons of play.

In the other IAC contest, Western Illinois' Leathernecks spoiled Michigan Normal's undefeated record and 20-13. This was the first league game for both teams.

NORTHERN ILLINOIS went down to its third straight defeat at the hands of Beloit college, 26-6. The Huskies, last year's undefeated and united champions, now have lost games to Lewis college.

Michigan of the IAC, and Northern's contest to Beloit. Northern plays host to Southern next Saturday afternoon in a league game at DeKalb.

Central Michigan, considered the conference powerhouse, went down before a strong Western Michigan team 18-0. The Central Chippewas opened their league schedule last week with a 36-7 drubbing of Northern.

In a non-conference game, Scott Field, Illinois' second-ranked Illinois 18-13. This was the second straight victory for the Ives over an IAC team. They introduced Normal the previous week-end.

IAC PLAY next week-end matches Central Michigan with Western a Macon, Southern's Salukis with the Northern Huskies at DeKalb, and the Eastern Panthers with the Michigan Normal Hurons at Ypsilanti.

Normal's Spencer carries the ball and tries to dodge Cliff Johnson (44), Bill Spratt (35), Len Zabroski (14), and Bill Goodman (41) rush towards, to scene of action. Spencer was a big asset to the Redbirds' rushing attack as the visitors switched from their usual predominately aerial attack to a more balanced offense of both passing and running.
